Attached minutes of November 9, 2006 meeting and members of Ad Hoc Transit Working Group.

Please send me any revisions, other notes, errors in spelling you your name, etc. as I will revise as necessary and get back out to everyone.

Thanks for attending this first meeting. I will get back to you on the time and date of the next meeting. One suggestion is to meet without the consultants and City representation in early December to discuss possible testimony by our respective organizations prior to the Council's December vote on Bill 79.

Thanks,

Tom Papandrew
