Mark:

We got the AA report this morning. I'll read it this week. Are there backup materials that I can/should look at simultaneously if this is to be the review that identifies topics that might need attention before we can approve a PE request?

Also, and not related to the question, we have Council Chair Dela Cruz and members Djou and Apo visiting this coming Thursday to talk about what the meaning of "LPA" is.

Finally, and entirely unrelated to the topic, one of the guys on my softball team asked where I'd been – having missed two consecutive Tuesday nights. I told him that I was in western Tennessee one of those nights. He said his father was from there and asked where I'd been. I told him that I was at a funeral near Jackson, had flown in and out of Nashville, and that there didn't seem to be much in between. He replied "Well, there's Bucksport." Yeoww! Small world.
