Hi Faith,

Just wanted to let you know that I have not forgotten your request. Depending on the deliverable (electronic or hard copy), I'll get it to Clyde as soon as I receive.

Lynn

Brad,

Please forward package (scanned copy works best) to me and I will forward under Navy Region Hawaii letter head.

We can emphasize draft/conceptual etc.

Thank you!
Lynn

Lynn, response from Forest City. Do you want Katy in my office to package this for your transmittal? Brad

2. Releasing neighborhood plans to the City and County. We are OK with releasing these plans. If the C & Cty are looking at the Camp Catlin corridor to Salt Lake, then there are really three neighborhoods involved, Catlin Park, Doris Miller and Halsey Terrace. As you know, we are not changing the site plan for Doris Miller, but the site plans for both Halsey Terrace and Catlin Park are changing completely. Please copy us on whatever transmittal correspondence that you have when forwarding these drawings to the City and County.

Hi Rogers and Brad,

Are the Camp Catlin development plans available and releasable to DTS? If still draft, we can stamp "draft" and "subject to change" over drawings.

Also we sent another nice "no" letter - please see attached. Not sure if they need more info to pass to community.

Please let me know.

Thank you!
Lynn

Hi Lynn –

I was reminded today that I need to request the Navy's development plans for the Camp Catlin Road area. Would it be possible for you to send a copy to our engineering lead, Clyde Shimizu of Parsons Brinckerhoff? Clyde needs to take a look at the plans to determine the possible impact a route along Camp Catlin Road would have.

Please contact me if you have any questions. Thanks.
