Donna,

Thanks for the warning. Hope things are going well for you. We are expecting to get first drafts of each AA chapter shortly. Some of the key chapters, such as transportation and financing will still be missing. We'll get busy reviewing them and preparing to send them to you when we are happy with them.

Toru

Subject: Bob Brown may call

Hi:

Bob Brown of FHWA in SF who is assisting Hawaii Civil Defense start their Catastrophic Incident Evacuation Planning will be calling you. He had some questions that I thought either of you may be able to help him out with. Thanks and have a good weekend.

Donna T.
