**Subject:** RE: 2030 Land Use Data

Thanks for the quick turn around and the input today. I think it's really helped us to get a box around our task.

As to the having fun part; I'll see what I can do but, I'm not making any promises.

Thanks again,  
Dana

**Subject:** 2030 Land Use Data

Dana,

Attached is the 2030 land use data we are using in our forecast.

POP is population  
GQ is Group Quarters like dorm and prison  
HR is Hotel Resort units  
RC is Resort Condo  
HU is Housing Units  
H and number is housing units by number of people  
Js are jobs

I don't think you need H and J info.

Have fun.

Toru
