Subject: Honolulu High-Capacity Transit Corridor Project - EJ

Hi Elizabeth –

As discussed yesterday, I would like to meet with you and other appropriate FHWA staff to discuss the methodology that we propose to use to perform the Environmental Justice analysis for the subject project. Please let me know when would be convenient for this meeting to take place.

For us (me and our consultants), Monday mornings, Tuesday afternoons and Wednesday mornings are usually reserved for internal meetings. Other than these standing meetings, we are normally free. Of course, if the meeting needs to be scheduled during these times, we are flexible.

Looking forward to hearing from you soon.

Faith Miyamoto
