EJ Telephone Conference with EPA

Hi Everyone -

Attached are the meeting notes for the April 24 conference call. Please provide any comments to me by May 22, 2006 or the minutes will be construed to be the official record.

Also, Connell and Debbie, hope you had a chance to review the OMPO EJ Report. Please let me know if you have any concerns with us using the OMPO methods or results. We can do this by e-mail or phone.

Thanks for your help.
