Are we expected to do any presentations at this meeting? Or is it only to answer questions? If so, which questions or areas do you expect questions in, so that we can send the appropriate persons to the meeting.

Subject IPG Agenda

Here is the annotated version of the IPG agenda that we got from Liz Fischer. It includes comments on the agenda items to give us an idea of what they had in mind for the item. Feel free to bring anyone who can answer their questions.

If you have any questions, give me a call.

Laureen
