Jim & Joe,

I will not be able to attend this meeting, as tomorrow is my RDO and I have already made plans for the day. I will check in with you next week about what issues came up. Thanks.

Carolyn

Honolulu staff and contractors will be here on Friday, primarily to talk about travel forecasting for the various alternatives. But additional items on the attached agenda are the definitions of the alternatives, NEPA, and the schedule. Toru H. and Mark Scheibe (PB) will be here in addition to the travel forecasting folks from PB.

I'm expecting that the travel forecasting topics will fill the morning and that we will get to the other topics no earlier than 1pm EST. To allow some leeway (you know how those travel forecasting discussions can go), we could set 1:30pm EDT to start on the other topics. If you have conflicts, then we could probably insert those other topics into the middle of the forecasting discussion.

Let me know.... Thanks.
