Our office is located in Bishop Square, 1001 Bishop Street, in the American Savings Bank Tower, Suite 2400. The parking garage is accessed from Alakea Street. We will validate your parking. If you let me know where Caterina will be coming from, I'll provide you with a route map to our office.

Hello Wayne

I am follow up to this request of March 30. Is it possible to confirm this request in the next few days as I feel that the experience will benefit all parties, an hour or two in the morning of May 9th would be sufficient. I appreciate you showing an interest in this event. The person who will be visiting you would be Caterina Melonio, I will forward a photo.

Aloha Joe!

It was a pleasure meeting with the Rotary. I appreciated the dinner and the warmth that all members showed to Laura and me. As I mentioned at the meeting, it brought back pleasant memories of my time with the Optimist Club when I was living in Denver.

I have passed on your request for visitation of our offices to the Honolulu High Capacity Transit project manager. I'm sure it will be okay, we just need to work out the logistics. Either I or one of the project team members will get back to you as soon as possible to work out the details.

Again, thank you and your fellow Rotarians for you hospitality.

A hui hou,

Aloha Wayne

Thank you for that great presentation on the Transit options. Linda will be sending you our newsletter with photo's.

On a different note. Rotary in Hawaii is hosting an exchange group of young adults 25 to 40 from Italy in May. The team leader is an engineer and would like to visit an engineering office. Your project is the most ambitious one that I know of and I was hoping you or someone from your office would be able to spend some time with her and "talk shop." on the morning of May 9.

Please email or phone me as soon as possible regarding this request.

Thank you

Joe Knight
