Subject: Honolulu's NOI differs from their current process

Hi Jim and Joe,

Honolulu's NOI was issued for an AA/DEIS. Now they would like to separate the AA and publish it prior to the DEIS. Is there anything we need to do to correct the public record? Do we issue a modification to the NOI? Do we let it go? Keep in mind that we have a very vigilant opposition effort that has already submitted lengthy complaints about the planning process.

Let's talk about this before our call today.

Thanks,

Ray
