Faith, this seems to occur only in the online version. Can you forward to appropriate parties? Thx and merry Christmas. Nancy

Hi Nancy,

For info, my copy (and also the copy posted on the website: <http://www.honolulutransit.org/pdfs/eispn.pdf>) seems to be missing some narrative that is included in the Scoping Information Package regarding Alternative 4d alignment after Kaaahi Street. [It appears to be about 5 sentences.]

Thanks,
Bruce
