Ray/Donna,

Attached are the latest draft ROD for your review and use. It reflects your suggestions during the telephone discussion of 9-15. We addressed all of the IOS related comments by topic within the ROD text and summarized the non-IOS comments. Two matrices of the comments are also attached. One matrix lists the complete verbatim comments related to the IOS by commenter and our responses. The other matrix lists the non-IOS comments paraphrased to be used for reference.

Please give us a call if we could assist you in any way in preparing the ROD further.
