Hi all - Here's a revised briefing. Please review and let me know if you have comments and edits. If you can think of any ways to shorten it would be greatly appreciated, although I expect the briefing with Peter to be mostly a verbal discussion. This will focus the discussion on the critical points.

FYI - Honolulu asked us today when the ROD would be issued. This is something we need to discuss with Peter. I told them that we would try to get back to them next week with a tentative schedule. The 5-6 week estimate I put in there is just my best guess on how long it would take us to review the FEIS comments and prepare the ROD so I need your feedback. Of course, this assumes that the PA is completed and that there is no delay due to the pre cast yard. I think we need to give Peter some type of estimate for just how long this work will take because there are a lot of comments and I think it is going to take us some time to get through them all and vet them through FTA.

Thanks,  
Robyn

**Subject:** RE: Honolulu Briefing Discussion

Hi everyone,

I just wanted to give you an update on this briefing for Peter. I have not yet been able to update the briefing due to working on the New Starts report and developments on a project in Orlando that have taken up my time. I hope to get to this later today. My plan is to update the briefing based on our meeting Friday and send it to you all for final review.

Thanks.  
Robyn

-----Original Appointment-----
