More than comments may be needed here, Megan; this business has to be wrapped up within a week or thereabouts, so the situation may call for editing rather than comments. And I forgot that you are not going to be here next week. Liz said that she could handle the issue, so maybe you could coordinate with Liz until you have to turn your attention to other matters. Thanks. Carl

Hey Chris,

I'm glad to help. When do you want comments?

Thanks,
Megan

All,

I seem to recall that at some point the City sent us a revised Section 4(f) chapter (or a link to one). Could you check to see if you have it and send it along to Megan Blum and me? Megan has volunteered (or has been volunteered) to assist with reviewing the revised version, but I cannot seem to find it anywhere in my inbox (I search for "Honolulu" and I get seemingly millions of emails). If you don't have it handy, could you ask them to send it to Megan and me?

Thanks!

Chris
