All: Just wanted to let you know that I spoke to folks involved in the Honolulu project this evening. They informed me that Governor Abercrombie would be signing the state environmental approval document tonight. That said, I want to aim for mid-January for the ROD. It can also be the third week. Carl, it need not happen any sooner than that and you should please NOT ruin your holidays to make it happen any sooner than that. Thanks for all your efforts. I can inform you about other aspects of the call in person. Mahalo. -P
