Jim Ryan and I discussed the letter and Jim is making some edits—e.g., to distinguish between the question we have on NTP#1A and the questions on NTP#1 (which is already in effect).

As Monday, Feb. 22 is the date for the City to issue NTP#1A, shall the letter indicate that FTA approves the first two bullets in the City's Feb. 8 letter, but that we need clarification on the third bullet?

Susan/Jim: Excellent input by Ray and Nancy-Ellen based from our internal call last Tuesday. Obviously, this letter must be reviewed and executed before Monday morning if it stays current to its content, for this grantee intends to award NTP #1A to Kiewit on Monday (2/22/10). Leslie is with Peter in LA today, and Therese is here with us in our SF office today should we need to share thoughts. Please advise.

hi Nancy,

Sorry about the delay, but we had an ARRA crisis lingering from the OAC decision here yesterday. I took a broader, higher level approach because I was having difficulty

with a detailed approach. Also, I think it will be easier to get it through Peter. My cell is 415 517-3213.
