

HART

HONOLULU AUTHORITY for RAPID TRANSPORTATION

HART WEEKLY eBLAST | AUGUST 14, 2015

RAIL CONSTRUCTION PROGRESSES

There's plenty of progress to show on HART's elevated rail guideway as you can see in these photos. The first columns to be built along Kamehameha Highway now stand near the intersection of Acacia Road.

Work continues on the embossed column at what will be the home of the Pearl Highlands rail station.

And in Waipahu, columns and the guideway are being constructed in the median of Farrington Highway.

HART urges motorists to please drive carefully through the construction zones, especially as many more students return to classes at several schools around the island in the next couple of weeks.

HART CEO ELECTED TO INTERNATIONAL PUBLIC TRANSPORTATION POST

HART Executive Director and CEO Dan Grabauskas has been elected to serve on the policy board of the International Association of Public Transport (UITP) as a representative of the American Public Transportation Association (APTA) for the 2015-2017 term.

UITP is an international organization for public transportation authorities and operators, policy and decision makers, scientific institutes, businesses and suppliers. APTA has a long-standing partnership with the organization.

"Dan Grabauskas will be an outstanding representative of APTA and the public transit industry on this policy board," said APTA President and CEO Michael Melaniphy. "This is an excellent opportunity to learn and share ideas with public transit peers around the world to advance public transportation."

"I am honored to be selected to represent APTA and the transit industry on this prestigious policy board," Grabauskas said. "This will provide us with the opportunity to share strategies and discuss the latest developments in the transit industry. I have always been a strong advocate for public transportation and I look forward to contributing to this important international effort."

WEEKLY LANE CLOSURE INFORMATION
