HART WEEKLY eBLAST | JULY 17, 2015

## ELEVATED GUIDEWAY PROGRESS

HART achieved another project milestone this week with the completion of the balanced cantilever construction work over the westbound side of the H-1 Freeway. Overnight lane closures that have been in place to ensure that the work would be done safely have been lifted.

Work over the eastbound lanes is scheduled to continue through September, so the lane closures in that direction will continue. See the *Weekly Lane Closure Information* section below for details.

Construction crews have also completed the elevated rail guideway over the Fort Weaver Road overpass. The lane closures that were in place to accommodate that work have also been lifted.

Column construction work continues along the median of Farrington Highway in Waipahu.

To date, crews have built more than 180 columns and have erected nearly 1600 guideway segments.
