HONOLULU RAIL TRANSIT PROJECT'S NEW WEBSITE

This is a screen shot of the Honolulu Rail Transit Project's revamped website.

We are excited to announce the launch of the Honolulu Rail Transit Project's revamped website, which aims to create a more user-friendly experience.

The design and layout of the website serves not only desktop and laptop devices, but

smart phones and tablets.

Beside the new look, there are a few additions to the website that increase the user experience:

- Transit Time Calculator - Future riders can plan their route and travel time via our future rail system.
- Translate Website - A drop down menu includes a variety of languages to translate the website.
- Route Map - Interactive map of the rail route, which include information about each station.
- Event Calendar - Displays all events by month with a feature to look ahead at future events.
