

HONOLULU AUTHORITY FOR RAPID TRANSPORTATION  
CITY AND COUNTY OF HONOLULU

ADDENDUM NO. 2

TO THE

FOR THE

HONOLULU RAIL TRANSIT PROJECT  
ON-CALL CONSTRUCTION CONTRACTOR CONTRACT "III"

REQUEST FOR PROPOSALS NO. RFP-HRT-948304

ISSUED: March 21, 2016

NOTICE TO ALL PROSPECTIVE OFFERORS:

This Addendum is hereby made a part of the Request for Proposals RFP-HRT-948304 (RFP) for the HONOLULU RAIL TRANSIT PROJECT (HRTTP), ON-CALL CONSTRUCTION CONTRACTOR CONTRACT "III," and it shall amend the said RFP in the following respects:

**Questions and Responses**

The following questions were timely received in the Transit Mailbox. The responses provided by the Honolulu Authority for Rapid Transportation (HART) are as follows and are made a part of the RFP.

**Question #1**

During the pre-proposal conference, Quality Management was mentioned but in the Special Provision General Conditions of Construction Contracts (GCCC) Sec.7.11.2 & 7.11.3 are deleted.

Please confirm deletion or is Quality Management to be prepared and charged to a specific task order as a cost item.

What is HART's requirement for a Quality Management Plan?

**Response #1**

**Because work is assigned on a task order basis and there is no guarantee of any specific work or specific type of work, Special Provision SP-7.11 deleted in its entirety GCCC Sections 7.11.2 (Contractor's Quality Assurance Plan (QAP) Requirements) and 7.11.3 (Construction Quality Management). It is anticipated that the majority of Task Orders will be accomplished under the HART Quality Management Plan. That being said, there may be Task Orders that require the Contractor to prepare a Quality Management Plan, and if one is required, the requirements and preparation costs of such will be reflected in the negotiated Task Order.**

Question #2

Special Provision 7.24 mentions that the Contractor maintains day to day contact with the Project Area residents.

Are there any specific requirements?

Will HART direct inquiries to Contractor?

Response #2

**As indicated in Special Provisions SP-7.24, the Contractor shall serve as the point-of-contact for the public. It is the Contractor's responsibility to keep area residents and businesses abreast of the Contractor's activities, in coordination with HART's Public Involvement staff.**

Question #3

Special Provision 7.25, will signs be chargeable to Task Order. What sizes are signs and how many will be required.

Response #3

**The scope, budget, and schedule for Work performed will be assigned and negotiated through Task Orders.**

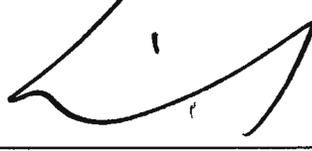

Question #4

In HART GCCC Sec. 7.14 1b, will cost be chargeable to task order? If no, does HART know approximately how many temporary water and electrical hook up may be required in this contract.

Response #4

**HART does not know how many temporary water and electrical hook ups may be required in this contract because work is assigned on a task order basis and there is no guarantee of any specific work or specific type of work. The scope, budget, and schedule for Work performed will be assigned and negotiated through Task Orders.**

APPROVED:

3/21/16

Daniel A. Grabauskas  
Executive Director and CEO  
Honolulu Authority for Rapid Transportation
