FEB 14 2019

Mr. John B. Manning  
Genertek Power Industries, LLC  
600 Prairie Industrial Parkway  
Mulberry, Florida 33860

Dear Mr. Manning:

Subject: Honolulu Rail Transit Project  
Contract No. CT-HRT-1900108  
Solicitation No. RFB-HRT-1800632  
Traction Power Backup Generators

By letter dated November 2, 2018, the Honolulu Authority for Rapid Transportation (HART) transmitted the above-referenced contract to you for your review and execution, and asked that you return the contract, together with any required bonds and project insurance, by November 16, 2018.

On January 11, 2019, Robert Cusmano notified HART via email that Genertek was unable to bond the base and the option period of the contract. On January 17, 2019, Robert Cusmano provided to HART an email that stated, in pertinent part, "Pursuant to the implied requirements in the contract concerning the performance bond our company is respectfully withdrawing our proposal from the associated Request for Bid." Genertek's inability to provide a performance bond, as required by the contract, and withdrawal of its bid, results in Genertek being deemed a non-responsive and non-responsible bidder and thus unable to receive a contract.

As Genertek is unable to provide a performance bond and has withdrawn their proposal, we regret to inform you that HART will be rescinding its award of the contract to you.

Very truly yours,

Andrew S. Robbins  
Executive Director and CEO
