Hi Liz –

I called Laura, but was unable to speak with her. I left a message for her to call me. Do you want me to handle this? I was planning to send the attached message to all recipients of the email.

Hi Laura –

The City Department of Transportation Services (DTS) requested that the City Council consider a resolution that reauthorizes the Director of DTS to execute the Section 106 PA. The version of the PA that will be considered by the City Council Transportation Committee on Friday, November 12, 2010 is the version that addresses the comments that were received on October 29, 2010. Attached is the version that will be considered by the City Council.

We recognize that should there be a substantial change to the PA after the reauthorization is provided, the City would need to go back to the City Council for approval.

Please let me know what you would like me to do.

Faith

Subject: Fw: City Council Hearing on PA

Aloha Liz and City folks,

I was forwarded the attached resolution which is going before the City Council this November 11 - just two days from now.

The reso is asking the Council to authorize the signature of the Programmatic Agreement in the same or substantially same form as an attachment.

I have not seen the attachment.

What is going on? Has the City attached a draft with the recent edits we submitted? Are they asking the Council to approve a different version?

Would you please have the courtesy to send us a copy of the version going before the Council? I'd also appreciate receiving some explanation.

Thank you.

Laura H. Thielen
