Good afternoon, Elaine,

Although, FTA and the City are sending copies of the Honolulu Transit Final Environmental Impact Statement to the Department of Interior for distribution to the Oakland and Honolulu NPS offices, I wanted to make sure that you received a copy of the Section 4(f) analysis sooner rather than later. We would like to thank you for providing comments on earlier versions of the chapter. The attached version has undergone substantial revision since the October version of the document that you provided comments on.

If you have any questions, please contact Chris VanWyk or me.

Thank you,

Liz Zelasko

Hello Amy and Faith –

Please keep the distribution letter mentioning the 30 day comment period more general. However, after the general statement, could remind the public that we are seeking comment on two de minimis determinations. Please still send a draft of the letter to the Region 9 office and to me.

Also, please plan on NPS having 45 days to review the current version of the Section 4(f) Chapter in the FEIS.

Thanks!

Liz
