Subject: Authorization to Print the FEIS

Toru,

With this last modification, FTA authorizes printing of the Final Environmental Impact Statement (FEIS) for the Honolulu High Capacity Transit Corridor Project.

Please be advised that the release of the FEIS does not conclude the NEPA process. NEPA will be concluded by FTA's issuance of a Record of Decision on this project. As you are aware, activities on this project must be consistent with FTA's New Starts and pre-

Also, FTA has received proposed schedules for activities related to this project. The release of the FEIS does not constitute an endorsement or agreement by FTA to those schedules.

Ray
