All -

The conference call scheduled for today was to primarily discuss the Pacific War Memorial materials and how it is handled under Section 4(f). Chris, Renee, and Nancy-Ellen have a call tomorrow to discuss the issue in more detail. Given that and the additional items we just received to review, it seems to make more sense to postpone the call with the City until tomorrow.

We just received number of revised chapters from the City. I will send those out to everyone and download them to the S drive. Ted and Ray, would you be able to start reviewing the chapters by 3 pm EST tomorrow so that we would have a preliminary sense of the status of the revisions?

TPE-30 plans to finish their second review of the responses to comments by 2 pm tomorrow. As we are completing our review, we are placing the [revised responses on the S drive](#) so that TCC and the Region 9 can review them as well.

Last week the SHPD's office indicated that they may want additional mitigation in the PA. They had previously proposed that the PA include a stipulation that the City become a [Certified Local Government](#) through the National Park Service. They are reconsidering that request. Carl has a call in to the ACHP to discuss options for the PA.

**Carl would like to complete FTA's review of the EIS by this Friday June 4<sup>th</sup>.** Other than the items I have mentioned above, please let us know of outstanding action items that cannot be completed by this Friday, ASAP.

- Liz
