Subject: State Energy Corridor (Re: Honolulu Rail Project)
Attachments: ATT199407.gif

Aloha Faith,

Please be advised of the following with regards to the State Energy Corridor:

Subject: State Energy Corridor, Honolulu Rail Project

Per your telephone conversation of May 24, 2010 with Mr. Jonathan Yee of our Harbors Division Engineering Design Section, we understand that you seek approval for construction within the State Energy Corridor, and that you have been advised of our requirements as follows:

- 1. Provide documentation indicating State Energy Corridor tenants', i.e., The Gas Company, Tesoro, and Hawaiian Electric Company, concurrence with this project.**
2. The Hawaii One Call Center must be contacted prior to excavation. They may be reached at 1-866-423-7287 or <http://callbeforeyoudig.org>
3. Ensure that all applicable EPA/DOH rules and regulatory concerns are satisfied.
4. Provide a project schedule prior to construction.
5. Provide two (2) sets of as-built drawings including call outs to the boundaries of the State Energy Corridor upon completion of the project.

Harbors approval for this project will be subject to State Energy Corridor tenants' concurrence with this project. Should you have any questions, please call Mr. Yee at 587-1956 or via e-mail at jonathan.sw.yee@hawaii.gov.

Here are contact phone nos. for our interested parties:

Mahalo,
Jonathan

Subject Honolulu Rail Project

Hi Jonathan –

AR00109084

Thanks for your voicemail message last week and for speaking with me today regarding the requirements of the energy corridor.
Looking forward to your comments.

Faith Miyamoto
