Ray,
Here are the maps in a word file so that you can use them as you would like.

Subject: New request

Sorry, no, this is independent of the SHPD request. We need two maps for our memo to file. One map would be:
Figure 1 – Alignment near proposed Mauka Terminal

The second map titled:

Figure 2 – Alignment transitioning from Aolele Street to Ualena Street.

Call me at 415 744-2802.

Thx,
Ray

Subject: RE: SHPD acceptance Transit Archaeological Inventory Survey Phase I

Hi Ray,
I want to make sure that I get this right.

This is in reference to the revised APE map sheets (11x17 showing building ages and eligibility).

1) You would like use to prepare a revised figure of the first sheet, showing the airport area, but with the map window shifted "up and left" to include the portion of the alignment that extends up and over H-1. We should title that figure: Figure 1 – Alignment near proposed Mauka Terminal
2) The second figure should be identical to our second sheet (there will be a small gap between the two). We should title that figure: Figure 2 – Alignment transitioning from Aolele Street to Ualena Street

I will have these prepared, if I miss-understood the request, please let me know.

Hi Lawrence,

FTA would appreciate a submission of 2 maps or graphics. Would you please send a map titled:

Figure 1 – Alignment near proposed Mauka Terminal

The second map titled:

Figure 2 – Alignment transitioning from Aolele Street to Ualena Street.

For fig 2 your fig 1 from the April 21st document looks good. For the new fig 1, could you maintain the same colors for the alignment and show what was presented in the DEIS. I would like to have a graphic of the curve over the freeway for FTA's documentation.

Thank you,

Ray
