Attachments: Review Copy Final EIS Web Link.doc

Thank you, Steve, for sharing the e-mail of those who may wish to review the document. I am attaching the access site in this so that they can download for review. I understand it takes time for download because of its size. Our record shows we sent the CDs to Ron, Pete, and Ralph.

Toru

Hi Toru,

Thanks for today's discussion, on the distribution of the Final EIS. If it's possible to load the EIS to an FTP website for download and review, can you respond to all parties on this email. Based on Faith's distribution, the local FAA offices would not have a chance to review the final document and provide any comments by May 10, 2010.

Please call me if you have any questions.

Thank you.

Steven Wong
