Attachments: Sample Review Comment Table.doc

Hi Toru,

Thanks for todays discussion, on the distribution of the Final EIS. If it's possible to load the EIS to an FTP website for download and review, can you respond to all parties on this email. Based on Faiths distribution, the local FAA offices would not have a chance to review the final document and provide any comments by May 10, 2010.

Please call me if you have any questions.

Thank you.

Steven Wong
Program Manager
FAA, Honolulu Airports District Office

|Honolulu Transit Rail Preliminary Final EIS Review |
>

Hi all,

I received a call this afternoon from Faith Miyamoto from the City and County of Honolulu to let me know that they are sending us CD's containing the latest updated version of the preliminary Final EIS for the transit rail project. CD's are being sent to the HNL-ADO (Ron Simpson), and overnight delivery to the Western-Pacific Region (Pete Ciesla) and to HQ (Ralph Thompson). Faith requested that FAA review comments be provided by close of business on May 10.

Steve Wong at the ADO, and Joseph Manalili and I will be reviewing at the Regional Office. Ralph not sure who at HQ you'll have review the document. I'll consolidate our comments and will ask the reviewers to send me their comments using the attached table for comments.

The CD's are also being sent to the other Cooperating Agencies (FHWA, US Navy, US Army and HDOT-A) for their review by the same May 10 deadline.

Pete
