Mr. Kanehisa,

Col. Margotta should have received today final review copies of the Honolulu High-Capacity Corridor Project's Final EIS. FTA has asked us to provide these to all cooperating agencies with a request that any comments be returned to the City and FTA by May 10. The effects of the project on Army Garrison Hawaii have not changed since the June 2009 Administrative Final EIS that was reviewed by your directorate. I have included a copy of the transmittal letter.

We would be happy to hand deliver additional CD review copies or meet next week to go over any changed items of interest to the Garrison if that would be of interest to you. I will follow-up this e-mail with a phone call.
