Liz—how's this?

Leslie, I learned that you sent a "determination of effects" letter to the Hawaii SHPO yesterday regarding the minor modification of the Honolulu project alignment near the airport. Liz Zelasko and Ted Matley conferred and recommend sending an "update" e-mail to the consulting parties to the programmatic agreement (PA), including some encouragement for them to proceed with signing the PA as soon as you hear back from the SHPO. Nancy-Ellen has suggested that the e-mail go out from someone in a management position in FTA. To assist you, Liz and Ted drafted an e-mail and a list of consulting parties. The draft e-mail has your signature, but you may prefer that someone else in the Region forward it. Would you or your designee please cc Liz Zelasko and Carl Bausch when the Region sends the e-mail? Thanks. Susan

DRAFT

Dear Consulting Parties,

To keep you abreast on recent steps with the Section 106 consultation process for the Honolulu High-Capacity Transit Corridor Project, I am attaching a letter that Federal Transit Administration (FTA) sent to Ms. Laura Thielen, the Hawaii State Historic Preservation Officer (SHPO) yesterday regarding a refinement of the proposed alignment near the Honolulu International Airport. In this letter, FTA requests concurrence from the SHPO on the revised area of potential effect (APE) and FTA's determination of eligibility for the National Register of Historic Places (NRHP) for new buildings within the APE.

FTA has determined that there are no new historic properties eligible for listing on the NRHP within the revised APE. FTA has also determined that the proposed alignment would continue to have an adverse effect on the Hawaii Employers Council Building regarding the setting, feel, and association.

These determinations do not change any of the resources addressed in or commitments made in the Section 106 Programmatic Agreement; therefore, FTA intends to proceed with the execution of the current Programmatic Agreement once we receive concurrence from the SHPO on the attached request. I will notify you when I receive a response from the SHPO.

Please use this FTP site to download Maps of the APE for the Ualena Design Option and Eligibility forms for properties within the revised APE:

Sincerely,
Leslie T. Rogers
Regional Administrator
