Hello Faith,

In checking my email this morning, I found that FAA is available for a conference call today. We will plan on a call at 1 pm EST. Once I get into the office I will send out a conference call line.

Liz

Hi Liz -

I am assuming that we are not having the call on Tuesday morning. I hope I did not miss your email.

If the call is "on" for Tuesday morning, please respond to everyone on this email so that we all get the call information.

Thanks.

Faith

Hi Liz -

If possible, we would like to have the call tomorrow any time. Please let me know when the time is set and I will disseminate the information to our consultants and staff. Thanks.

Faith

Subject: RE: FAA Submittal Information

Hello Faith -

I hope that you had a pleasant weekend. We would like to have a conference call with you and your consultants tomorrow or Wednesday to discuss the FAA submitted information, its incorporation in the final EIS, a preliminary final EIS review schedule, and other questions that you may have. We would like to include FAA on at least the first part of the call. Ray Sukys is checking on the availability of the FAA Hawthorne office and Steve Wong from FAA Honolulu.

Currently we are hoping for starting the call around 1 or 2 pm EST on Tuesday or Wednesday. Please let us know if either of those times would work for you.

Regarding Section 106 information, we are editing the letter to the SHPD to mention changes to the alignment in relation to the Hawaii Council Employer's building. We hope to send that out soon to the SHPD and inform the consulting parties via email about the minor shift in alignment, the revised APE, and determinations of eligibility. I spoke with the National Park Service this afternoon, they mentioned that they are sending us comments/questions on the Programmatic Agreement and Section 4(f) section early this week. The Park Service in Oakland is coordinating with the DC and Honolulu offices. This coordination includes their role as a invited signatory of the PA and their role in overseeing some of the SHPD functions.

We will be in touch. Please let me know if you have questions.

Thank you,

Liz

Hi Liz -

Thanks for getting this information to us. We will review and get back to you.

Faith

Hello Faith,

Attached is information that FTA received from FAA with their review of transit alignment options at the Honolulu International Airport. FAA has requested that this information be incorporated into our NEPA documentation for the project.

Please let us know if you have questions.

Liz
