Susan is responding to a request from Peter.

In the meantime, I have collected the files that are listed as being attached to the memo. They are on the S: drive under the folder Ualena – Files Supporting Memo.

In the memo, the historic resources.pdf and Original APE from DEIS.pdf were mistakenly listed as being provided by the City. They are files I extracted from the DEIS to compare impacts. In case folks would like to look at them, they are in the Ualena folder on the s drive.

Liz, Is the memo ready for the region? We can make the final changes, esp. on the format, but we don't have your last version. Please send to Ray, me, and Nancy-Ellen.

The region will also need a TPE concurrence email from Susan and from TCC.

Thanks for all your efforts on this - we're on the home stretch now.

Renee

Susan,

Please see attached the draft memo for your edits. I just walked through with Renee some editorial changes.

Liz
