Here (below) is my proposed response to Nancy-Ellen (I left a hard copy on your chair), Susan. Please let me know what you think at your convenience. Thanks. Carl

Thank you, Nancy-Ellen. Susan, Liz and I looked over the letter; we are not uncomfortable with it. We believe, however, that support for that position—the “memorandum” that Renee advises she cannot complete by Thursday—is still required and should be completed when the letter is signed by the Administrator tomorrow (Thursday). In the circumstances, we are prepared to complete the memorandum to the best of our ability by tomorrow. We will process the letter through the controlled correspondence system for signature by the Administrator on Thursday. Carl

Pursuant to our conversation today and your email to Dorval, I am forwarding edits to the last version of the letter that would delete references to a determination. Perhaps this draft would strike a middle ground.

Some suggested edits for your consideration. We need to be careful to indicate that the path is open to finalizing the FEIS, but not necessarily the ROD (which, I gather, may depend in part on action by the Governor of Hawaii).

Carl,

I have inserted a few comments into the draft letter you sent out this morning.

Attached is a draft letter from the Administrator to Mayor Hannemann. Inasmuch as this letter is scheduled to be signed and transmitted to the Mayor on April 22nd, please return it to me with your edits/comments as early as possible today so that I can have it processed through TCA. Many thanks. Carl
