Subject: CSH's replacement pages iii and iv for the HHCTCP Phase I AIS report (CSH job code:HONOULIULI 18)

Aloha Nancy:

I apologize for this mix up. As I explained on the phone, I inadvertently neglected to update the "mitigation recommendations" field of the AIS report's management summary. Through an oversight, the management summary text in the draft that was sent to SHPD this month still recommends "monitoring as a form of data recovery" for SIHP # 50-80-09-7751; although, per your earlier review letter, the mitigation recommendations section of the body of the text clearly recommends a data recovery program for SIHP # 50-80-09-7751. I have now revised the text so that the management summary is consistent with the mitigation section in the body of the report—both sections describe a data recovery program for the SIHP # 50-80-09-7751. Attached is the old text "unrevised page iv" pdf—that shows the old text in yellow highlighting. Also attached is the new text "revised pages iii and iv" pdf.

I would like to come into SHPD and change out pages iii and iv in the hard copy that is currently under SHPD review. Is the hard copy there for me to change? Thanks for your help with this—again I apologize for the earlier oversight.
