Thanks Harvey – I am sending a brief email to FTA summarizing the issue so Renee has some background prior to the call. I told FTA yesterday that we agree this falls within the bounds of PE.

\$3.5M is correct, see attached

Even though their schedule of values is confusing, it has been agreed between our engineers to do just 3 method and 8 load tests. We feel that a credit is due from Kiewit because the criteria requires a method shaft every 5000ft. Kiewit disagrees so this is a subject of future negotiations.

One of our attorneys, Jesse Souki, will be calling Renee on Monday to try and get verbal approval without the need to send a letter. However, the letter is ready to go if required.

Harvey – What is the estimate value of Kiewit's Method and Load Test Shaft program? Is it about \$3.5M? Also, how many of each are proposed by Kiewit (3 Method and 8 Load)?

AR00113841

Thanks,

Timothy L. Mantych, P.E. (MO, IL)
