**Subject:** FW: Honolulu Memo Process

Jim, today Carl, Liz and I talked with Region IX and TCC about the next steps and assignments in the Honolulu NEPA process. Liz has developed a tentative schedule with assignments—although at this point we don't know exactly how and when all the pieces will come together, just that we need to keep moving on NEPA and come to decisions. Susan

**Subject:** Honolulu Memo Process

Susan and Leslie:

Scott is fine with the process we discussed on the phone for drafting the memo about FTA not requiring a supplemental environmental document. I appreciate your staff taking the first cut and TCC will do a prompt review upon receipt.

Thanks,  
Nancy-Ellen
