Renee,

The project team sent copies of the entire draft FEIS to Region IX and Jim Ryan in DC by FedEx this morning. The version I reviewed includes the mitigation and avoidance on Ualena near the airport.

The Section 4(f) chapter (Chapter 5) is based on comments and recommendations from my conversations with Ed Kussy, Chris Van Wyk, and our Section 4(f) consultant from PB.

Please let me know if you need anything more or have any questions.

Aloha,
Jesse

Jesse,

Could you please send provide to Chris Van Wyk and me the most recent version of the 4(f) chapter of the draft FEIS, and also let us know if it has been updated to show the change at the airport and response to FTA's comments, and if you have completed your review of this section.

While we are looking to see in the near future a complete and final FEIS for FTA review, this particular section could be provided separately, it available.

I will be out of the office next week, returning on April 19th.

Thanks much.
