This and the notes from Liz and Carl were really helpful. I think we need to know exactly where the 106 process is. I thought that Jim Barr said that the PA was in circulation for signatures. Liz's note about the Area of Potential Effect needs to be addressed immediately. Let's talk tomorrow about how best to keep things moving.

Susan asked me to take an initial shot at a schedule as directed by TOA-1. I am sure that something is missing but here is my shot.
