I received a copy last week and met with FTA on Monday. There are some further minor changes that need to be made. You should talk to FTA about next steps.

Subject: Honolulu Rail Project Section 106 PA

Hi Nancy –

Heard that FTA sent you a copy of the Section 106 PA last week. Just inquiring as to what are the steps that you need to take before the SHPO can execute the PA. I am trying to determine what the schedule may look like. Any assistance you can provide will be greatly appreciated. Thanks.
