Subject: Financial Consultant

Hi Ray - Hawaii is preparing to hire a consultant to do its own independent financial review of the City's financial plan, as was discussed with Second LaHood. We were wondering if you know or if you could share about how much the consultant fees are for Booz Allen to perform the final financial analysis. Or is this a time and materials type contact?

Please let me know your thoughts. I will understand if this is information you are not able to share some of this.

Aloha,
Brennon
