Jim--What do you think about asking Toru if we can expect a request from the Councilmembers or if his contact with you about a meeting was at their behest? Maybe they plan to ask for a meeting with the front office in addition to or in place of a staff-level meeting. We need to set a day and time as calendars fill quickly. Susan

The attached article from the Honolulu Advertiser says that four members of the Honolulu City Council will be visiting Washington in March to discuss transit matters with FTA. One of the four is Todd Apo, the council chair. He was one of the two members that Toru told me about ten days ago. The other, Mr. Anderson whom we met with in your office two months ago, is not listed among the other three members.

I have no new information other than this article.

Would you prefer that I contact Toru and inquire what's up, or that we simply wait to get a request for a meeting?
