Harvey - Version 0.7 of the Final Design Roadmap is attached for your use. The following changes have been made to this version:

- (1) Conditional formatting has been added to help track Due Dates
- (2) Design Drawings for MSF, Core Systems, and Stations have been added under Item 2.11
- (3) Special Provisions for MSF, Core Systems, and Stations have been added under Item 2.15
- (4) If GBRs will be prepared for the Airport and City Center Segments, please add those under Item 2.17 as well.

Jim Ryan will be the lead for the Roadmap. Please communicate directly with Jim regarding any questions or updates to the Roadmap (with a copy to Cathy Luu and Kim Nguyen). Once you have had an opportunity to enter the remaining dates, the FTA and PMOC will review the target dates and begin entering dates for our review activities where applicable.

Thanks,

Tim:

Attached is the updated Roadmap after our teleconference yesterday. Changes are indicated in red. Please let me know if you have any comments and I will then have Julia finalize on PS and we will start populating next week.
