Toru Hamayasu has inquired on our availability for a meeting on either March 8 or 9 (Monday or Tuesday) with Councilmembers Todd Apo and Ilikai Anderson. Both are supporters of the rail project. We met with Mr. Anderson a few months ago. I met with Mr. Apo about three years ago when I had the project the first time around. I think that you met with him off-site somewhere more recently.

Toru says that they are simply looking for confirmation of FTA positions that they have been hearing secondhand.

I'm open either day.

Thanks.
