**Subject:** RE: Kiewit NTP Letter for Leslie Rogers

Thanks. Is the list that Susan B. was asking about?

**Subject:** FW: Kiewit NTP Letter for Leslie Rogers

The left attachment is a letter that is just providing notice and not requesting concurrence. The right attachment describes the NTP and a lot of activities that relate to construction.

**Subject:** Kiewit NTP Letter for Leslie Rogers

Hi Nadeem and Tim:

This is to give you an advance copy of a letter that will be mailed to Leslie Rogers tomorrow. This letter transmits the previously requested back-up regarding the authorizations provided to Kiewit in their NTP #1. The letter also provides advance notice that we intend to add certain other preliminary engineering activities to Kiewit's authorization. Kiewit will not be authorized to commence final design or construction, but we are most anxious to have them begin their portion of the soils exploration program.

Please let me know as soon as possible if you have concerns about this letter.

Regards,

Simon
