Edits/Questions are in the attached. I've put this in briefing paper format as required. Talking points need to be added. Peter likes very short briefings (preferably one page), but I know there are many issues here. I tried to parse down where I could, but it was succinctly written already. If there is any way to shorten, but still get your main points across, please consider editing again.

Thanks,
Beth

Jim will be back in the office around 1 PM (Eastern Time) and we should have our responses to him by then, if possible, so he can finalize the paper and get it to TCA on time today. Thanks to everyone for pushing to get this done. Susan

OK gang, this has a somewhat different focus from where we started but it seems clear that these are the topics that the governor will be asking about.

Let me know.....
