Steve,

Haven't heard anymore on this meeting. However, both Dave and I have been asked to join in an important telcon with Mark and the San Francisco ADO this Thursday at 11-12 our time, which would conflict with this meeting. I'd be available later in the day if that works for everyone.

Pete

Hi Ray,

The FAA would like to have discussion with you regarding the FEIS for the Honolulu Rail System. Before the document is finalized, we request the FAA be a cooperating agency. Please let us know if you are open on 12/10/09 at 9am HST. We can set-up a phone bridge.

Please call me if you have any questions.

Thank you.
