**Subject:** FW: Honolulu Transit Section 106 and Navy lands

Hi John –

See following email. Also, in the programmatic agreement, the City commits to completing an update to the Pearl Harbor and CINCPAC HQ NHL nominations. The PA states that all work shall be coordinated with the Navy and follow guidelines set forth in *How to Prepare NHL Nominations*. The question has arisen whether the Navy has other requirements that should be followed. Are there requirements regarding the person who prepares these updates? Please get back to me ASAP, if possible within the next few days. We are trying to get this PA executed by next week.

Thanks.

Faith

No one in my office has checked.

Subject: Honolulu Transit Section 106 and Navy lands

Blythe, Jim and Pua:

In reviewing the outstanding issues related to the Honolulu Rapid Transit project and Section 106, I have a note that says Navy may be subject to its own Section 106 requirements for this project. I believe the question was whether or not the corridor transects federal land and if Navy is conveying a right of access.

Has anyone checked the title for the right of way that transects Pearl Harbor and the mauka lands (CINCPAC, Little Makalapa, etc.)? Has the issue of a Navy undertaking been checked and resolved? Can someone document the outcome for me, please?

Thank you,  
Kiersten Faulkner
