Faith,

Could you also assure that the maps included as attachments to the PA are correct? Many consulting parties could not open the very large files. I brought this previously to the attention of PBA but did not receive an acknowledgement. I only looked so far at the first few maps in Attachment 1-C but all maps need to be double checked. Currently the Chinatown Historic District and Capitol District are not correct to the Historic District or Landmark Boundaries and Merchant Street Historic District is not shown at all. Likely to be eligible historic sites within the TOD areas should also be mapped or a stipulation in the PA about mapping those sites within a precise time period included as one of the conditions.

Thank you, Spencer Leineweber

Hi Everyone -

Just wanted to update you on what has been happening with the PA.

On Tuesday, the Honolulu City Council voted to authorize the Director of the Department of Transportation Services to sign the Section 106 PA.

Yesterday, we received final comments on the PA. Early next week, we will be transmitting the version of the PA that responds to those comments, along with a matrix that lists all of the comments that were received from Day 1 and our responses to those comments. Needless to say, the matrix will be a very big document.

At this time, we would like to thank each of you for all the time and effort you devoted to getting the PA to where it is today. Although it may not have been openly expressed, we certainly appreciated your active involvement in the development of the PA. Outside of the 11 meetings of the consulting parties, we know that you have spent days reviewing the PA. The comments and discussion that resulted from that review have made the PA a better document. Please convey our thanks to the other people in your organization who also contributed to this effort.

The process is not over yet and so we are counting on your continued involvement.

Again, our sincerest thanks.
